I hereby affirm that the pool will be isolated from access from within the dwelling and from adjacent properties by a barrier that meets the pool barrier requirements of Florida Statute 515.29 and the 2020 Florida Building Code, Residential Section R4501.17.

- The pool will be equipped with an approved safety pool cover that complies with ASTM F 1346 (Standard Performance Specifications for Safety Covers for Swimming Pools, Spas and Hot Tubs) per FBC R4501.17, Exception.
- The pool will be isolated from access by a mesh safety barrier that meets the requirements of FBC R4501.17.1.15.
- The pool will be isolated from access by a screen enclosure that meets the requirements of FBC R4501.17.1.11.
- The pool will be isolated from access by a fence and pedestrian gates that meet the requirements of FBC R4501.17.1.1 through R4501.17.1.8.

If any part of the barrier consists of dwelling walls which contain doors or windows, please check the applicable barrier requirements:

- All doors and windows providing direct access from the dwelling to the pool will be equipped with an exit alarm that meets the requirements of FBC R4501.17.1.9(1) unless Exceptions a, b, or c apply.
- All doors providing direct access from the dwelling to the pool will be equipped with self-closing, self-latching devices installed 54" above the threshold that meet the requirements of FBC R4501.17.1.9(2).

I understand that the above indicated shall be installed before the time the pool safety inspection per FBC R4501.19.
