SECTION I, II, III & IV

To be completely filled out by all applicants.

This application form is a duplex copy, self-carbonized form. After Section I, II, III and IV are completed by the applicant, the two copies (white and pink) should be submitted to the City of Ocoee with the appropriate fee for processing, and subsequent issuance of a permit (*). The original (white) becomes the approved permit, when Section V has been completed by the City of Ocoee. Either the permit, or a copy thereof, must be available, at all times, at the worksite where the work is being performed.

(*) LATE CHARGE:

Any work that commences without the required permits available on the job site shall be immediately suspended until such time as the required permits have been acquired. A late charge for work commenced without a valid permit issued shall be charged in addition to the normal permit fee. The late charge shall be as prescribed by the Board of City Commissioners. Emergency work is excluded from late charges.

CONDITIONS

It is understood and agreed that the rights and privileges herein set out are granted only to the extent of the City's right, title and interest in the land to be entered upon and used by the holder of the permit ("Holder"); and the Holder will at all times, assume all risk of and indemnify, defend, and save harmless the City of Ocoee from and against all loss, damage, cost or expense arising in any manner on account of the exercise or attempted exercise by said Holder of the aforesaid rights and privileges. To the extent the Holder's exercise or attempted exercise of its rights and privileges under this permit involves a construction contract, then the Holder shall indemnify defend and hold harmless the City of Ocoee, its officers and employees, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, to the extent the same is caused by negligence, recklessness, or intentional wrongful misconduct of the Holder and persons employed or utilized by the Holder in the performance of the construction contract.

It is expressly agreed by the Holder that this permit is a license for permissive use only and that the placing of improvements, such as, but not limited to, utilities, facilities, roadways, structures or landscaping upon public property pursuant to this permit shall not operate to create or vest any property right whatsoever in said Holder, current owner/operator or adjacent property owner.

Holder declares that prior to any construction or excavation, the owners of real property, relative to the use of easements, owners/operators of all existing utilities, facilities or improvements, both underground and aerial, will be properly notified by the Holder as required and as necessary in accordance with sound operating practices and shall also include, as information on this permit, the required gas pipeline/facilities location request identification number.

The construction and/or maintenance of a utility shall not interfere with the property and rights of prior occupants including the City of Ocoee.

In the event of relocation, widening, repair or reconstruction of a public road, highway, utilities or facilities, upon reasonable notice the Holder shall move its facilities to clear such construction at no cost of the City of Ocoee, insofar as such facilities are within the public right of way.

The holder of this permit shall take such safety measures, including the placing and display of caution signs and signals as are required by the Manual on Uniform Traffic Control Devices for Streets and Highways, when working in public right of way, and shall also prevent any obstructions or conditions which are or may become dangerous to the traveling public.

Fees will be computed in accordance with the schedule of fees adopted by the Board of City Commissioners and are payable upon submission of permit application.

Emergency situations shall be coordinated by the Holder, to the maximum extent practicable, through the Engineering Division.

All applications must be accompanied by a Certified Engineers estimate of the cost of construction or a copy of the fully executed fixed contract. In the event actual construction cost exceeds the estimate or the contract price is not fixed, Holder agrees to submit documentation of actual construction costs and pay the required fees. Estimate/contract costs submitted must be in a form acceptable to the City.

Holder agrees to submit as-built engineering plans detailing the location of all constructed improvements.

Prior to any construction, applicant agrees to obtain all required approvals, agreements and/or permits relative to the type and location of the proposed construction from all federal, state, county, city, real property owner and any other regulatory agency or department.

HOLDER IS REQUIRED TO PROTECT ALL SURROUNDING LANDSCAPING AND/OR REPLACE ALL LANDSCAPING AFFECTED BY THIS PROJECT.

HOLDER IS REQUIRED TO COMPACT ALL EXCAVATIONS IN ACCORDANCE WITH OCOEE STANDARDS.
